500 HOGSBACK ROAD • MASON, MICHIGAN 48854 • (800) 248-5960

17 July 2015

Dart Container Corporation is dedicated to the promotion of responsible and sustainably sourced wood fiber for use in our paper products. To support this commitment, we have achieved certification to the 2015-2019 Sustainable Forestry Initiative (SFI) Chain-of-Custody (CoC) Standard for wood product traceability. This certification requires documentation of our commitment to implement and maintain the CoC requirements in accordance with the 2015-2019 SFI CoC Standard. Dart Container Corporation commits to all applicable indicators of the standard, including avoidance of controversial sources of wood fiber as listed and defined in Section 4 of the standard.

A copy of our SFI certificate is available on the Dart Container Corporation website at the address: www.dartcontainer.com

Please feel free to contact Jo Anna Stenzel, Director, Environmental Services at 517-244-3492 or via email at joanna.stenzel@dart.biz with any questions, comments or concerns in regards to any aspect of the SFI CoC system.

Sincerely,

A handwritten signature in blue ink that reads "Jim Lammers".

Jim Lammers
President
Dart Container Corporation
